Adjustments for new sprints - Kiril

Begin working on assignment 2 and 3

Main Problems Encountered - Oisín

Problem: No big problems, except for some time-consuming manual testing
Description: Manual testing took some time
Reaction: We collectively tested interactions in the system

Adjustments for new sprints - Oisín

Main Problems Encountered - Eames

Problem: Not much was done and no problems were encountered
Description:
Reaction:

Adjustments for new sprints - Eames

Main Problems Encountered - Jeff

Problem: Basically no problems encountered this sprint mostly last tweaks and changes
Description: Maybe there were small inconveniences when updating the exceptions to use http status code and updating the corresponding tests but overall it was manageable
Reaction: There were no significant reactions required.

Adjustments for new sprints - Jeff

Not applicable, this is the last sprint

Main Problems Encountered - Ana

Problem: None this sprint
Description:
